2024 Formulary (List of Covered Drugs)

For Employer-Sponsored Plans

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN.

This formulary was updated on **April 1, 2024**. To reach Member Services, please call **800-251-7722** (TTY: **800-833-8134**). Our hours are Monday to Friday 8 a.m. to 6 p.m. A representative will be happy to help.

3 Tier Formulary

2024 Formulary (List of Covered Drugs)

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN.

Thank you for being a ConnectiCare member. This document is the complete ConnectiCare pharmacy drug list, or formulary, that is covered by your employer-sponsored plan with three-tier drug benefits. This drug list is effective for plan year 2024. It is updated monthly and the last update was on April 1, 2024. Please note: This list may change over time, such as when:

We add a new, less-costly drug.

We remove a drug that may no longer be as effective as other drugs.

Please check the Pharmacy Center on connecticare.com for the most up-to-date drug list covered by your plan.

Which drugs are included in the formulary?

Our list of covered drugs includes both brand-name drugs and generic drugs.

The brand name is the name the drug company gave the drug. For example, the brand name of acetaminophen is Tylenol. Generic drugs are the low-cost version of the brand-name drug.

What if I don't see the drug I need?

If your doctor orders you a drug that is not listed in this formulary, please call **800-251-7722** (TTY: **800-833-8134**). Our hours are Monday to Friday 8 a.m. to 6 p.m. A representative will be happy to help.

How do I use the formulary?

You can look for your drug using the index. This starts on page 142. Or, if you already know what your drug is used for, look for the section name in the Table of Contents. Then, look there for your drug.

Sections are based on what the drugs are used to treat. For example, drugs used for a heart condition are under “Cardiovascular, Hypertension & Lipids.” The first column of the chart lists the drug name. Brand-name drugs are upper-case (for example, SYNTHROID). Generic drugs are shown in lower-case italics (for example, atenolol).

This formulary will also tell you which tier your drug belongs in. The chart below shows you what each tier means.

Tier	What drugs are included
Tier 0	Drugs covered under health care reform
Tier 1	Generic drugs
Tier 2	Preferred brand-name drugs
Tier 3	Non-preferred brand-name drugs

If your doctor prescribes a drug that is not listed on this formulary, please contact ConnectiCare for further information on coverage of the product in question. If it’s appropriate, ask your doctor about a generic medication or a more affordable alternative that is included in the drug list. Refer to your benefit summary by logging in on connecticare.com to determine actual cost-share amounts applicable to your plan.

What are generic drugs?

Generic drugs are the low-cost version of a brand-name drug. Generally, a pharmacist will fill the generic type of the drug your doctor ordered if it is available. This may happen **even if** your prescription is written for a brand-name drug.

If you want the brand-name drug, be sure your doctor tells the pharmacist to give you the brand-name drug. When this happens, you may have to pay the copay (the set amount you pay) for the generic drug, plus the cost difference between the brand-name drug and the generic one.

Are there any limitations on my coverage?

A medicine listed in this guide does not mean we will pay for it. For example, some drugs may need prior authorization, or approval, for us to pay for them. In other cases, we may only pay for certain amounts or strengths. These drugs will have initials after their names. Below is a list of abbreviations that explains what the initials mean.

List of abbreviations and what these terms mean to you

PA: Prior Authorization. The plan requires you or your doctor to get approval before you fill your prescription. If you don't get approval, we may not cover the drug.

QL: Quantity Limit. For certain drugs, the plan limits the amount of the drug that we will cover.

ST: Step Therapy. In some cases, the plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B. A trial of an alternative drug would be required for no longer than 30 days.

ACA: Affordable Care Act. There is no cost-sharing for certain preventive drugs if they are right for your age, condition, and the way the drug is being used.

LA: Limited Availability. You may only be able to get this drug at some drug stores.

You can ask us to make an exception to a restriction or limit on a drug. We can also give you a list of other, similar drugs that may work. Speak with your doctor about this first.

Disclaimer

Please see your Contract or Certificate of Coverage for plan details. It will tell you what is covered and how much you pay for your drugs. A drug being listed in this guide does not guarantee that we will pay for it. Some drugs may need approval (prior authorization) before we pay. For some drugs, we will only pay for certain doses and/or strengths. The drugs on this list may change based on a decision by ConnectiCare. As new generic drugs become available, the brand-name version will no longer be a preferred choice.

This is a list of the drugs that are prescribed most often for members that use the National Preferred Formulary.

To help keep your costs down, ask your doctor to prescribe generic drugs when possible.

NOTE: Not all drugs in this list are paid for by all drug benefit plans, so coverage is not guaranteed. Check your benefits for copay and any other requirements you may have under your plan. If you have other questions about your drug benefits, please call the phone number on the back of your ID card.

Can I get my prescriptions delivered to my home?

Our pharmacy benefit manager, Express Scripts, provides convenient home delivery by mail. Home delivery may save you money if you refill drugs every month and think you will be on the same drug(s) for six months or longer.

Home delivery is as safe as going to your local pharmacy. Express Scripts pharmacists check every order for accuracy and are available 24/7 to answer your questions.

To compare costs and sign up for home delivery, visit **express-scripts.com** or call Express Scripts at **877-603-1032**.
