

DRUG PRIOR AUTHORIZATION LIST

In an effort to promote the appropriate use of certain drugs and to help better manage the cost of expensive drugs, the ConnectiCare Pharmacy & Therapeutics Committee has developed a list of prescription drugs that require prior authorization. POS members receiving out-of-network care are responsible for initiating this process. When submitting a request for Prior Authorization, please use a Prior Authorization form which can be obtained from ConnectiCare.com. If the prescribed drug is approved, the prescription will be filled as usual at a participating pharmacy or administered by a provider (where appropriate).

Note: Self-administered medications (i.e. interferons), even those not on this list, may not be dispensed for self-administration and billed through the medical benefit by a provider. They must be dispensed through a participating pharmacy.

(*) prior authorization is not required within the first 90 days of membership with ConnectiCare.

(^M) physician-administered drug, usually billed under the medical benefit.

(@) Prior Authorization required for members of ConnectiCare Exchange Plans and ConnectiCare SOLO Plans only

To find a drug, click on a letter and browse the table alphabetically.

[A](#) • [B](#) • [C](#) • [D](#) • [E](#) • [F](#) • [G](#) • [H](#) • [I](#) • [J](#) • [K](#) • [L](#) • [M](#) • [N](#) • [O](#) • [P](#) • [Q](#) • [R](#) • [S](#) • [T](#) • [U](#) • [V](#) • [W](#) • [X](#) • [Y](#) • [Z](#)

Or, click this Search button and enter the name of the drug in the pop-up task pane.*
