### **What affects health plan rates**

A number of factors influence what health plans charge. The chief factors are:

- Upward trends in costs for medical care and prescription drugs covered by the plans
- Costs of a federal risk adjustment program for insurers
- Administrative cost and selling expense
- State mandatory benefits
- Federal and State taxes and fees

Rates for 2024 were approved Sept. 8, 2023, by the Connecticut Insurance Department. Open enrollment for individual plans begins Nov. 1, 2023, and ends Jan. 15, 2024.

Individual plans marketed through Access Health CT are issued by ConnectiCare Benefits, Inc., and ConnectiCare Insurance Company, Inc.
